Notice of Fee Increase on October 1, 2004

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2004, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" because an increase in fees effective on October 1, 2004 is anticipated. See Revision of Patent Fees for Fiscal Year 2005; Proposed Rule, 69 Fed. Reg. 25861, 25863, 25864 (May 10, 2004).

The current fee schedule is accessible from WEB site (<http://www.uspto.gov/main/howtofees.htm>).

If the fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due" but not the correct amount in view of the fee increase, a "Notice of Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice of Pay Balance of Issue Fee," if the response to the Notice of Allowance is to be filed on or after October 1, 2004 (or mailed with a certificate of mailing on or after October 1, 2004), the issue fee paid should be the fee that is required at the time the fee is paid. See Manual of Patent Examining Procedure (MPEP), Section 1306 (Eighth Edition, Rev. 2, May 2004). If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously-paid issue fee should be paid. See MPEP Section 1308.01.

Effective October 1, 2004, 37 CFR 1.18 is proposed to be amended by revising paragraphs (a) through (c) to read as set forth below. As stated above, the final fee may be a different amount, and applicant should check the WEB site given above when paying the fee.

Examiner's Response to Amendment and Statement of Reasons for Allowance

This action is responsive to application **09/767,279** filed 01/22/2001 as well as the Information Disclosure Statement (IDS) and Amendment C filed 8/9/04. Claims 3-5 and 8-14 filed by the applicant have been entered and examined. Claims 3-5 and 8-14 are allowed. The following is an examiner's statement of reasons for allowance:

The reason for allowance of the claims is the training of a multilayer perceptron neural network using weights generated by a Radon transform where both neural networks are dual to each other. None of the cited references, and in particular, Samarasekera, Wu, Tam or Elsherif disclose this limitation upon further consideration. Furthermore, it would not have been obvious to a person of ordinary skill in the art to 1) generate a Radon transform generated by a second neural network for fitting a simple finite geometry model, 2) feed a desired function through the Radon transform of the second neural network for generating weights and finally 3) train a multilayer perceptron of the first neural network using the weights of the second neural network, wherein the first neural network and the second neural network are dual to each other.

Any comments considered necessary by the applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance"
